

# BRACE AGAINST THE STORM

New album  
4. november  
LP/CD

## **Jacob Dinesen – Brace Against The Storm**

The 21 year old singer-songwriter, Jacob Dinesen, has made a huge impact on the music scene. His latest hit "Roll With Me" has for several weeks been the most played song on Danish national radio. His concert at this year's Toender Festival (the most important Folk/Rock event in Denmark) was attended by more than 7500 people. This success was followed by three concerts which celebrated the release of his latest album and were sold out in just couple of days. Next year Jacob will play more than 80 concerts throughout Denmark.

### **The Songwriter**

Jacob Dinesen is an original songwriter. His lyrics have more substance and greater depth than one would expect from one so young.

*Bury me tonight in silk and satin  
Bury me close to the pain I'm having  
Let the clouds wrap me in their feathery arms  
And let my lovers throw their lucky charms*  
From the song TORN PRIDE

## **The Hits**

On his first album Jacob showed his ability to write hit songs, which resulted in two of the songs ("Dancing Devil" and "Will You Stay") becoming radio hits. With the new album he takes a further step towards establishing his great talent as a songwriter and performer in the broad landscape of folk/rock/americana and popmusic. Jacob Dinesen has shown that with the two singles from the new album, "Beautiful Sight" and "Roll With Me" becoming hits, that he is capable of continuing this quality of song-writing.

## **The Performer**

Despite his young age Jacob Dinesen has played many concerts, not only in Denmark but also abroad, and his powerful voice and charismatic performance has resulted in a huge following. His performances are diverse; sometimes with his band, sometimes solo with his acoustic guitar – either way his audiences are always spell-bound.

## **Great potential**

There is no doubt that Jacob Dinesen is destined for a great future as a singer-songwriter, as testified by many established artists who have seen him perform.
